

Burrito Masala – Color Palette

#6EC7AB

#F3AF20

#D42127

#41110F

I've chosen this color palette to convey the fun, casual, and customizable quality of the Burrito Masala products. I want the webpage to have a relaxed and easy-going vibe to mimic that same quality of a food cart. These will be the accent colors and shades of white and black will be used for the font and background colors. I think playful and bold colors are representative of Burrito Masala and its food options.
